PROFILE

As a web designer, I thrive on crafting digital experiences that seamlessly blend creativity with functionality. With a keen eye for aesthetics and a passion for user-centric design, I specialize in bringing brands to life online. My goal is to not only create visually stunning websites but also to ensure they are intuitive, responsive, and optimized for the best possible user experience. From concept to execution, I am dedicated to delivering tailored solutions that meet the unique needs and goals of each client.

EDUCATION

Jaipur Engineering College and Research Centre University

Bachelor of Computer Applications

2021 -2024

- As a current student pursuing a Bachelor of Computer Applications (BCA) degree at JECRC University, I am committed to acquiring a strong foundation in computer science and enhancing my technical skills.
- This comprehensive program encompasses a diverse range of coursework, including programming, database management, web development, and software engineering.

PROJECTS

Touch Wood Floorings

<https://www.touchwoodfloorings.com>

Through intuitive design and seamless functionality, I ensured an immersive online experience that effortlessly guides users through our range of offerings.

Relife Spine Care

<https://www.relifespinecare.com>

For the Relife Spine Care website, I orchestrated a harmonious blend of informative content and user-friendly navigation, providing visitors with a seamless journey to explore our comprehensive spinal care services.

Jewellery Collection

<https://www.jewellerycollection.in/>

With a focus on seamless browsing and secure transactions, I endeavored to redefine online jewellery shopping, offering a captivating experience that mirrors the splendor of our collections.

Thamsarlabirbilling

<https://www.thamsarlabirbilling.com>

Its user-friendly design and intuitive booking system make it a standout choice for those seeking unforgettable experiences in the heart of nature.
